“I like this kind of overview event which gives you a flavour of what's happening in the IM sector.”

Håkan Pihl, Sustainability Director, Nordkalk OY, Finland

“This kind of setup is working surprisingly well. The cross-section of speakers is great: mine through process to market gives insights into the whole value chain. The breakout at the end of the day was fun and almost like meeting in the bar.”

Andrew Tyler, Global Business Lead Perlite, Omya International AG, UK

“Excellent programme. Online platform works very well. I always find IMFORMED Forums very well organised and informative, whether in person or online.”

Jenny Warburton, General Manager, China and Global Materials, HarbisonWalker International, USA

“Congratulations for organising a great event. I did enjoy the presentations and roundtable discussions”

Miguel Galindo, Managing Director, Strateg-On, Spain

The future for industrial minerals?

Industrial minerals outlook

Rule of Six Influencing Factors

1. Industrial mineral “Criticality” + “Essentiality”
2. China in change
3. Emergence of hi-tech growth markets
4. Accelerated recycling
5. Environment
6. Corporate & Government re-adjustment
